

# Museum Pointe & Mega-Yacht Marina

## What's Being Proposed

### ■ Mega-Yacht Marina

A proposed facility designed to accommodate large luxury vessels, with significant waterfront footprint implications

### ■ Museum & Cultural Space

A public museum component integrated into the development, offering cultural amenities for residents and visitors

### ■ Green Space & Public Access

Proposed public waterfront access and green space — details and enforceability are still being evaluated

Museum Pointe presents a complex balance of private development and promised public benefit. The community's role is to ensure public access commitments are binding and not just aspirational. While this falls to county gov't we have already seen the struggles Fort Pierce has with private/public endeavors.

City Commission Meeting — 9:00 AM

# Port Master Plan Presentation Preview

A draft **Port Master Plan presentation** is being prepared for the **Fort Pierce City Commission** on:

This is an important upcoming meeting that will shape the future of our waterfront and port. The community is encouraged to **attend in person or follow along** as this plan moves forward through the public process.

A QR code is included here with materials from a recent informal presentation made to the **Board of County Commissioners (BOCC) on August 11, 2026**. Scan it to review the prior presentation and get up to speed before the City Commission meeting.
